

Gibraltar Case Goods

Functional, Durable, and Sleek Design for Healthcare Spaces

The Gibraltar Case Goods stand as a testament to modern design and functionality, exclusively crafted for healthcare environments. The sleek anodized aluminum legs enhance the aesthetics and provide protection against damage, maintaining a 6" clear space below for effortless cleaning. With vented backs for improved airflow, these case goods prioritize hygiene and durability in healthcare settings.

Gibraltar Case Goods

Features

- Anodized aluminum legs protect against damage
- 6" clear space below facilitates easy cleaning
- ¾" backs finished in matching laminate
- 1" rounded cabinet top eliminates sharp edges
- Ventilation parts in bedside tables enhance airflow
- Steel drawer boxes ensure superior durability

Options

- Customize finishes to match your healthcare facility's aesthetic
- Tailor dimensions to fit specific spatial requirements
- Plastic drawer liners for enhanced hygiene
- Solid surface or thermofoil tops for varied preferences
- Various lock types for added security
- Wood bullnose edge or galley rails
- Casters on rear or all legs for mobility
- Secondary tops for bedside cabinets as needed
