Space-saving Elegance with Sit and Sleep Functionality

The SC410 Sleeper Chair is a captivating addition to any room that may require an overnight stay. Boasting a small profile, it cleverly maximizes space while retaining its beautiful aesthetics and providing sit and sleep functionality to any environment. If you're seeking a slightly larger sleep surface, explore the new SC411 model with a 28" seat width, perfect for less confined spaces.

Features

- Heavy-duty steel mechanism for long-term durability
- Three positions: Sit, chaise, and sleep
- 80" sleep surface for a comfortable night's rest
- Wall-saver design protects walls from potential damage
- Field-replaceable arm caps for easy maintenance and customization

Options

- Wood, polyurethane, or solid surface arm caps
- Metal legs or casters for mobility
- 23" or 28" seat width for tailored comfort
- Variety of contrasting fabrics
- Moisture barrier to enhance durability

	Depth	Width	Seat Width	Height	Seat Height	Weight Capacity
